

please reject the NAB's petition 04-160. As a paying subscriber to XM radio I feel that I am paying for the services provided and that I shouldn't have to be subjected to lower quality products because another player in the same industry feels threatened by the success of technology. I am a paying customer because I want what the free radio can't give. Please reject the NAB's petition 04-160.

Respectfully,
